Region

EXPERIENCE

CODECHEF | WORKSHOP FACILITATOR INTERN | MAY 2018 - JUNE 2018

- Codechef is an online competitive programming platform
- I successfully played my role as workshop facilitator for School students which aimed at introducing them with computer programming
- Introduced school students with problem solving algorithms and applications of programming in real world

PROSPERITY JUNCTION | WEB DEVELOPER INTERN | JUNE 2020 - JULY 2020

- Prosperity Junction is a Financial Training Institution for Professionals has its aim to bring Prosperity in the community by Spreading Knowledge Wisdom
- I successfully played my role as a front-end developer for PROSPERITY JUNCTION
- Created front-end of a website to conduct online exams
- Technology used : ReactJs

PROJECTS

GUEST HOUSE BOOKING | WEB APP

- Built using Django and MySQL
- It provides a platform to book a room in Guest House
- The booking of a room is subject to availability of rooms

RAILWAYS TICKETING SYSTEM | WEB APP

- Built using Django and SQLite
- It is a dummy website for reserving tickets in a train. One can cancel and check status using PNR
- It also maintains a waiting list and confirms the ticket subject to availability
- User verification and e-ticket is send through email

TWITTER SENTIMENT ANALYSIS | WEB APP

- Built using Django and Tweepy(Twitter API)
- It gives the percentage of users' sentiments on a topic
